The words... "Thank You" does not seem adequate to describe our gratitude to all of you and others like yourself that make what we are doing together for Christ possible. It is only our continued collective efforts that make what God has called us all to... possible at all. We know that God could do anything He wishes without us... but, we also know that God reveals and invites His people to accomplish His work. What an amazing reality!

Soooo... What do your donations support? What is God up to in Chiron, Haiti?

- 1. Your support allows Madel and I to remain and live in Haiti full time.**
- 2. The Experiencing God Program. We have secured a license to translate and publish the Experiencing God study workbook, leaders guide, and teaching videos into Kreyòl Ayisyen. If you are unfamiliar with this study, it uses Biblical teaching to learn more about how to Know and Do the Will of God. It teaches us in a practical way how to join God where He is already at work. It is through His followers that God reveals and accomplishes His purposes. What a great reality! Recently, God introduced us to Pastor Paulin Philogene and he has joined us in our current study and will become part of our leadership as we make this study available in Chiron, surrounding communities, Cap Haitien, and reaching into PAP and across the country. This is a God sized task that we began in 2019, and as we returned God made it clear that now was His timing. Oftentimes we try to do things for God and fail under our own direction... and then God will ask us to do the exact same thing only this time in His power! He can do anything He wants. Many organizations, pastors, churches, and individuals await our roll-out of these materials in a few weeks.**
- 3. Our Sewing, Tailor and Screen Print Program is in its 10th week. As I write this right outside my window, Madel is leading 6 women and our staff member Kemly in songs of praise, and in morning prayer. Today the women are completing their first skirt project and Madel is performing evaluations. This program resembles an on the job "training center"; these women will hopefully become the first employees of our Cooperative Business center. As it becomes self-sustaining our Board will become increasingly Haitian. Next week they will begin sewing their first income producing project; Women's Hygiene Kits. These kits consist of a sewn outer waterproof fabric shell, that captures the absorbent and washable fabric pad. These kits will be distributed for 150 htg to women in Chiron and surrounding communities. Our sewing women will experience their first**

income producing item... and each kit has an attached gospel message and invitation. Pastor Paulin will help lead and direct this effort. Our prayer is that women and men will be reached for Christ. We will have a follow up day in each area and we will pray with them and encourage each of them to accept the eternal satisfaction found in Christ alone. We may even arrange for baptism in a local church or even in the river!

4. God has made it clear that Empowering Partners will have a home here in these communities. We continue to view properties and are even in the initial stages of negotiation for a property owned by a partnering organization. As we wait on God... we remain prayerful about the location He would have us occupy
